What is a buyback?

studysource.com runs an on-campus event at the end of the school year where we “buyback” your quality, reusable textbooks.

Will you buy all of my textbooks?

Not necessarily. Unfortunately, we may not be able to buy all your books for the following reasons:

- *Condition* – if books aren't in quality, reusable condition
- *Need* – if we've already purchased enough books to stock your school's online store for next year

How much will I get for my textbooks?

That depends. Here's how we determine what we pay for quality, reusable textbooks at your buyback:

- Textbooks that will be used to stock your school's online store are bought at what we call *retail prices*. The retail price is usually 30-40% of the publisher's new price.
- Textbooks that aren't being used to stock your school's online store might be bought at what we call *wholesale prices*. If we think we can sell that book to another school, we'll pay you the going market rate. *Keep in mind that wholesale prices are much lower than retail prices.*

What is a quality, reusable textbook?

Here's what we look for in quality, reusable textbooks:

- Light, normal wear and tear
 - Minimal highlighting or writing
- Unfortunately, we can't buy books that have:
- Missing or torn pages or cover
 - Water damage
 - Excessive highlighting or writing
 - Written answers in study guides or workbooks

Why should I come to the buyback at my school?

- It's money in your pocket.
- It's convenient – your studysource.com rep will be on-campus at your school.
- It's a benefit to your school.
